CHILDREN DESERTED BY THEIR PARENTS

Pathetic Case Comes to Light Through the Juvenile Court.

A case of what appears to be extremely unnatural parents came to light at Saturday morning's session of the invenile court. After unfeeling of the juvenile court. After unfeelingly leaving his two little tots bebind with Mrs. Janet. Dickerson of 122 South Fourth West street. W. H. Plummer afterward wrote back from Mexico declaring that he hated the clider one and offering to allow Mrs. Dickerson to adopt the younger one as recompense for permanently keeping the one that has absolutely no place in his affections, according to the evidence.

Mrs. Dickerson is a widow and has four young children of her own, and as she has a hard struggle to maintain her own offspring, she appealed to the

her own offspring, she appealed to the juvenile court in regard to the desert-ed Plummer infants. The court took them off her hands and ordered them

placed in the State Street orphanage, temporarily. Subsequently they will be put in private homes.

Both the deserted infants are girls, one 18 months and the other 3 months old. The mother, it appears from Mrs. Dickerson's story, was a party to the desertion. About two weeks after the younger was born. Plummer and his wife came to her with both infants, and asked her to take care of them his wife came to her with both infants, and asked her to take care of them while they went to Mexico. Shortly after they left for Mexico, Mrs. Dickerson received the letter in which Plummer set out that he hated the elder child and offered to allow Mrs. Dickerson to adopt the younger if she would agree to keep the other tot permanently.

Three girls and one boy, scheduled for the State Industrial school at Ogden, were given another chance by Judge Gowans. The girls were charged with incorrigibility and immorality, and the boy with theft. One of the girls was placed in a private home, the other eventually will be placed in such a place, and another fainted, or pretended to faint, and no disposition was made of her case. The boy will be sent to his brother in the state of Westington in an effort to retorm him. I we other girls and five other boys,

COMMITTEE ON RULES WORRIES UNCLE JOE

WASHINGTON, March 6.—Speaker Cannon is puzzling his head in the interim between sessions of congress over the personnel of the next committee on rules. The appointment of this committee will be one of the first duties the speaker of the incoming congress will have to perform, unless the 'insurgents' muster enough strength to form an alliance with the Democrats to amend the rules so as to provide for the election of a committee on committees. Speaker Cannon does not believe they will, and he is considering some of the problems that may vex him in the days to come.
